><p>Hi my name is Ora crow I know not a great name but hey when you're a Viking you get used to weird names. A little information about me I have greeny-brown eyes, dirty ginger-blonde hair that falls thickly down my back and as someone puts it I have curves that finally shows I'm one of the girls true I'm quite a tom boy. But as you can see or hear however you are getting this information I am a Viking born to be strong.<p>

But not the point in any place you have creatures here we have dragons. Yes I guess you are wondering why we stay in our home of berk well we have stubbornness issues. And after the events of toothless and Hiccup we have learnt to train dragon and to befriend them.

Me I have a rare dragon indeed I have a changeling called Muta and oh ordin was it hard to keep her in one place without blending in with the back may be tricky at times but I truly love her. Then there is my best friends Tuffnut and Ruffnut's zippleback.

Yep Tuffnut and Ruffnut are my best friends since as long as I can remember. And I will let you in on a secret I have a big crush on Tuffnut but he probably doesn't like me like that so I don't mention it because I don't want to ruin our friendship. So the only people that I told of my 'crush' are Astrid an old friend, Ruffnut tuff's twin sister and my cousin Saroff or Saro as I call her. You see all

my friends or cousin in Saro's case have their soul mates. Astrid has Hiccup, Ruffnut has Snotlout and Saroff has Fishlegs if he ever admits he likes her. Hopefully one day Tuffnut will be mine to hold forever.
